SEI360 EMOTIONAL INTELLIGENCE

MULTI-RATER ASSESSMENT

How are people using their emotional intelligence? Are they putting their EQ capacity into action? The SEI 360 measures "Emotional Performance" – the effect of EQ on others. Through a simple online interface, an unlimited number of raters provide feedback. There are 46 items plus three meaningful open-ended questions.

- **Six Seconds Model** - a practical, easy-to-learn structure to put emotional intelligence into action.
- **Flexible** - raters can be defined by the coach, the client, or a third party (such as HR Director). Reports can go to client or coach. Unlimited raters, unlimited sub-groups. Customizable emails and reminders.
- **Built for Learning** - the report provides both summary and detail, plus reflection questions and goal-setting processes so participants are encouraged to take action.
- **The Right Length** - substantive enough to have power, brief enough to respect busy schedules.

SEI 360 illuminates the effects of EQ on others – Raters provide feedback through a simple online interface. For each competency, the report shows how the participant's view compares with the raters by group (excerpt to the right).
